Consent items

If the applicant is purchasing a mobile phone or other device on consumer credit or individual item installment sales, I consent to the applicant signing a contract with the company in accordance with the terms and conditions set out in the relevant Consumer Credit Agreement or Individual Item Installment Sales Agreement and applying to pay off the balance of installments before the end of the installment payment period.

I accept that, if the contract holder designates a credit card or a bank account in my name (※in the name of the parent specified on this Parental Consent Form only) as their method of payment for the device warranty service charges for the au or UQ mobile device that the contract holder has subscribed to, payment for the device warranty service charges for the au or UQ mobile device used by the contract holder will be made using the designated credit card or bank account. In the event of any delay in making payments, I will make every effort to resolve the matter.

1. Disclaimers Concerning Applications for Consumer Credit Agreements or Individual Item Installment Sales Agreements

- According to the provisions in the Installment Sales Act (excluding individual item installment sales agreements), personal credit information, including the contract holder's payment status, is queried and registered at a credit information agency designated by the Ministry of Economy, Trade and Industry at the time of applying for a consumer credit agreement or individual item installment sales agreement, and after entering the agreement. Other members of the designated credit information agency may also use the information about the registered contract holder.
- Even if the contract holder is a minor and the parent or guardian falls into arrears with respect to payments, the payment arrears will be treated as information about the under-age contract holder. Please note that applications for other credit lines or loans may be denied since a record of any payment arrears is held at the designated consumer credit agency for a period of 5 years after full payment.
- If signing a Consumer Credit Agreement or an Individual Item Installment Sales Agreement when applying to purchase a mobile phone or other device, the parent will be required to come into the store on each occasion (for the purpose of parental consent).

2. Other precautions and confirmation items

- To make monthly payments using the parent/guardian's credit card or bank account, the applicant must be accompanied by the relevant parent/guardian who will be the payee at the time of application.
- If any of the information entered on this form (name, address, contact details, etc.) is found to be inaccurate, the contract may be terminated.
