★1: If you change the APN that the router is initially set to, your communication speed (over 7 GB a month) may be limited. If the total amount of data used on WiMAX 2+ and 4G LTE in High Speed Plus Area Mode exceeds 7 GB per month, the incoming/outgoing communication speed for WiMAX 2+ and 4G LTE will be limited to 128kbps, including WiMAX 2+ in High Speed Mode.

※The communication speed may fall if your area has heavy traffic. ※Read more on other [restrictions on data communication speed](#) [See below](#).

## Network availability by mode

📌 3G communication in Japan is not available.

## [If you are a Home Router Plan/Mobile Router Plan user]

If you use up the monthly data allowance, an additional monthly data allowance will automatically be added (2,750 yen (including tax) per 2 GB<sup>★6</sup>))

📌 Signing up for this plan may terminate various discounts that are currently being applied.

★2: Unless otherwise notified, the service will be renewed automatically every 2 years. Terminating the service before the contract term expires will incur a contract cancellation fee of 1,100 yen (including tax) <expect during the contract renewal period, which is the month that the 2-year contract N is set to renew and the following 2 months>.

★3: Data usage in High Speed Plus Area Mode will incur an option fee (no signup required). Even if you select another mode, the month's usage fee will not be prorated.

★4: Read [restrictions on data communication speed](#) [See below](#) for information on communication restrictions other than monthly data allowance.

★5: Extra Option can be set to start during the month after the signup month. If you sign up in the middle of the month, to start using it that month, you can do so from the day after the day you signed up without any communication restrictions. However, usage fees will apply to the total data volume used, including the volume used before signing up for the option.

★6: The month's usage fee may become high if you use a large volume of data. Please note that cancellation will apply the month after the month you apply for cancellation. ※Extra Option cannot be used together with Data Charge. ※Changes of the fee plan only will apply starting from the following month. The full price will be billed for cancellations during the middle of a month. ※au Smart Value mine is not applicable. ※On My au, plans that include "2-year contract" and "4-year contract" in the plan name, such as "WiMAX 2+ Flat for DATA (2-year contract)" cannot be changed to the Home Router Plan or the Mobile Router Plan. To make such a change, please visit an au shop or contact the Customer Support Center. ※Additional fees apply, such as an administrative fee, device fee, and universal service fee. ●Wi-Fi is a registered trademark of Wi-Fi Alliance.

## Restrictions on data communication speed

**[Monthly data allowance]** 📌 If the total volume of data used on WiMAX 2+ and 4G LTE in High Speed Plus Area Mode exceeds 7 GB in a month (a total of 30 GB if you are a Home Router Plan user on the au Special Smart Value Plan), the incoming/outgoing communication speed until the end of the month will be limited at 128kbps. (This does not apply if you are on Extra Option. The restriction will be lifted on the first day of the following month.)

**[Other communication restrictions]** 📌 To avoid network congestion, the communication speed during the congested network time period (from 18:00 to 02:00 the following day) will be kept at about 1Mbps if you have used a total of over 10 GB on WiMAX 2+ and 4G LTE over 3 consecutive days. These restrictions will be imposed regardless of how much data you have left. These restrictions will be imposed even if you are on Extra Option. 📌 If your data usage fees become considerably high, your line may also be temporarily suspended.

**[Administrative fees and miscellaneous fees]** For every new contract and change of device, there is an administrative fee of 3,300 yen (including tax). The administrative fee will be 2,200 (including tax) to change certain Wi-Fi routers to another Wi-Fi router.

**[Notice of consumed data allowance]** On the day after the day you reach the monthly data allowance, you will receive an au mail. If you are on Extra Option, you will receive an au mail on the day after your data usage for the month increases 1 GB past the data allowance. You can receive au mail by configuring the settings on My au (Web).
