

au Denki M plan

au Denki L plan

Regional plans are available for our individual customers.

※Individual customers with Meter-Rate Lighting B contracts for their regional power companies (Meter-Rate Lighting A for Kansai, Chugoku and Shikoku areas) are eligible for the "Denki M Plan," and customers with Meter-Rate Lighting C based on a main switch contract are eligible for the "Denki L Plan" (excluding the Kansai, Chugoku and Shikoku areas). ※Customers residing in housing complexes with apartment bulk-electricity services or all-electricity homes cannot subscribe to au Denki.

Electricity retailers are Kansai Electric Power Company for the Kansai Electric Power area, Chugoku Electric Power Company for the Chugoku Electric Power area, Hokuriku Electric Power Company for the Hokuriku Electric Power area (for customers who have applied on or after November 8, 2017) and KDDI Corporation for all other areas.

See your daily electricity bill with the au Denki app!

No service fees from app

Shift from seeing the paper meter inspection form once a month to the "au Denki app" to see how much electricity you are using every day. Family members may also use the app with the "family-sharing feature."

※The images represent samples.

The electricity bill is updated daily!

See your current and projected electricity bills as of the end of the month!

Electricity usage is illustrated in half-hour segments!

Know when you are using a lot of electricity at a glance!

Estimate the electricity charges for each electric appliance!

Save electricity with the electric appliances using the most electricity!

Billing statements can be checked anytime!

No more worries about losing your paper meter inspection form and not knowing how much is being charged!

※Fees displayed within the au Denki app may differ from the actual bill due to data unavailability from the smart meter. ※The electricity bill and usage amount are updated once a month for customers living in the Chugoku Electric Power area. ※Customers living in the Kansai Electric Power area can use the au Denki app features from about one month after starting the subscription. ※Customers are responsible for communication charges applied when downloading and using the app.

The power supply structure remains the same!

Same-quality electricity

The power supply structure won't change, so there won't be problems like more blackouts or dimmer lighting. Electricity will continue to be reliably available.

Available nationwide!

(Excluding Okinawa and some remote islands)

au Denki is available throughout Japan. Consult your nearest au Shop, PiPit or au agency for information. Services will be available even if you move to a new home. Our procedures for moving are also easy.

Prices do not include tax unless otherwise noted. See store staff or the au website for service details.
