### Appendix |

### **Updating Software**

You can update the product to the most recent software for optimal performance and to get the latest enhancements.

- You are charged for the data communications when accessing the Internet from the product via data communication. A large amount of data communication is required especially for upgrading the software (OS upgrading). Using Wi-Fi® connection is recommended
- You are recommended to back up your data before updating software.
- For details, visit http://www.sonymobile.co.jp/support/ (Japanese) or refer to the "Basic Manual" (Japanese) app that can be viewed on the product or "取扱説明書 (詳細版) (Full instruction manual)" (Japanese) available on au homepage.

## ■ Downloading and updating software

The update files can be downloaded from the Internet web site into the product directly.

• Note that when Wi-Fi® communication becomes unstable data communication takes the place automatically, which may incur communication charge
