Usage area
- This product is not approved for use in certain areas.
- This product is not approved for public use.

■ Business of travel...

■ Other operations...

■ When the charging is completed, remove the microUSB connector of the common AC adapter OS (sold separately) from the external connection terminal of the product. Remove the power plug of the common AC adapter OS (sold separately) from power outlet.

■ Charging...
- When charging, the product and its internal battery might become hot (when activating camera or communicating data while charging, the internal battery becomes hotter).
- It may take longer to charge the built-in battery when you use a computer to charge the battery or use the camera function or the like while charging the battery.
- Operating with the specified charging equipment (sold separately) being connected might cause short-circuit, or the life of the internal battery becomes shorter when you repeatedly charge it frequently.

■ Lock Screen...
This screen is displayed when turning the power on or sleep mode is canceled. On the Lock screen, you can check the date and time, and notification information as well as use application shortcuts.

■ Unlocking the Lock screen...
Swipe on the lock screen.
The Home screen appears.

■ Setting Application Authority...
When activating the applications/functionalities that access the functions/information of the product for the first time, the confirmation screen appears to request the permission for the access authority. When the confirmation screen appears, confirm the content and tap “DENY” or “ALLOW”. Example: To activate Photo
- When this screen appears, tap [Deny] or [Allow] (in this manual, “Allow” is called “ALLOW”).
- The application activates.

■ Charging with the Specified AC Adapter (sold separately)...
Describe how to charge by using the common AC adapter OS (sold separately).
For details on the specified AC adapter OS (sold separately), refer to the “Product accessory” (P.47).
- Insert the microUSB connector of the common AC adapter OS (sold separately) straight into the external connection terminal of the product.
