^{*1} Be careful not to cover with your finger etc. while using the corresponding function. Do not insert the SIM ejector pin (sample) in a wrong way because it may cause damage.

^{*2} Do not cover with a sticker etc. Functions may not work properly.

^{*3} The antenna is built into the main unit. Covering the antenna area with your hand may affect quality of call/communication.

^{*4} The rear cover cannot be removed. Attempting to remove it forcibly may cause a damage or malfunction. Also, the battery is built into the main unit and you cannot take out it by yourself.
