XPERIA 5V

SOG12

Quick Start Guide

Packaged items

Before you start using the product, make sure that you have all these packaged items with the product.

- Main unit
- ・ クイックスタートガイド (Quick Start Guide) (Japanese)

These items are not included in the package.

- ・ microSD memory card
- ・ Earphones
- ・ AC adapter
- ・ USB Type-C™ cable

■ Information

- ・ Purchase a specified charger (sold separately).
- ・ The battery is built into the product.
- ・ Illustrations used in this manual are just images for explanations. They may be different from actual ones.

- ・ Always update the software to the most recent one. For details on how to update the software, refer to “取扱説明書 詳細版 (Full instruction manual)” (Japanese).
- ・ In this manual, “Xperia 5 V” is usually referred to as “the product” or “main unit”.
- ・ In this manual, “Quick Start Guide” (this manual) and “取扱説明書 詳細版 (Full instruction manual)” (Japanese) are collectively referred to as “Instruction Manual”.
- ・ In this manual, “microSD™” memory card (commercially available), “microSDHC™” memory card (commercially available) and “microSDXC™” memory card (commercially available) are abbreviated as “microSD memory card”.
- ・ Company names and product names referred to in this manual are trademarks or registered trademarks of respective companies. The TM and ® marks may be omitted in this manual.

Names and functions of parts

Always remove the power plug from an outlet when not using it.
Keep the plug plugged in might cause fire, burns, electric shock, etc.

Immediately remove the power plug from an outlet if liquids such as water (drinking water, sweat, seawater, urine of pet animals, etc.) get adhered.
Failure to do so might cause fire, burns, electric shock, etc. due to short-circuit by adhered object etc.

Before cleaning, remove the power plug from an outlet.
Failure to do so might cause fire, burns, electric shock, etc.

Caution Be sure to read the following cautions before use.

Do not touch the specified charging equipment (sold separately) continuously when it is connected to an outlet.

Doing so might cause a burn etc.

SIM card

Caution Be sure to read the following cautions before use.

Be careful of the cut surface not to hurt your fingers etc. when handling SIM card.
The cut surface may be sharp, and it might cause injury.

Using near medical equipment or in healthcare facilities

Warning Be sure to read the following warnings before use.

If you wear electronic medical equipment such as an implantable cardiac pacemaker or an implantable cardioverter defibrillator, carry or use the product 15 cm or more away from the implant at all times.

The radio waves from the product might have harmful effects on the operation of the electronic medical equipment.

● While writing or reading data to or from a microSD memory card, do not subject the product to vibration or impact, or turn off the power. Doing so might cause loss of data or a malfunction.

● Do not cover the proximity/light sensor with your finger or put a sticker on it. Doing so might hinder the proximity/light sensor from detecting the ambient brightness and functioning correctly.

● Do not put a sticker, etc. on the proximity/light sensor. Doing so might cause a malfunction on the sensor and make the display always turned off while receiving a call or during a call.

● Usually use the product with the cover of microSD memory card/SIM card slot firmly closed. If the cover is open, dirt or water might get inside and cause a malfunction.

● Do not allow liquids, metal and other foreign objects to get inside the USB Type-C port, headset jack, microSD memory card/SIM card slot, earpiece/speaker, microphone(s)/earpiece/microphone, speaker, second microphone, third microphone, etc. Doing so might cause a malfunction.

● Do not give strong impact on the product such as dropping, throwing, stomping. Doing so might cause a malfunction.

● Do not put the product directly on sand at a beach etc. Sand or other small particles might get inside the earpiece/speaker, microphone/microphone, speaker, second microphone, or third microphone causing the volume to drop. If sand gets inside the product, it might cause a malfunction.

● To prevent possible hearing damage, do not listen at high volume levels for long periods.

● This mark is displayed when the surface temperature of the product rises during use. When the mark is displayed, there is a risk of burns if you continue using the product while holding it in your hands. In this case, please refrain from holding it in your hands.

Notes on data communication charge

Since a constant Internet connection is possible with the product, data communication may be performed automatically by some apps, resulting in high data communication charges. Therefore, subscription to a data communication charge discount service or flat rate plan is recommended.

To browse homepages, download apps, communicate using apps, send/receive e-mails and configure various settings on the product, connection to the Internet is required and data communication charge applies.

Notes on Call Charges

When you end a call, make sure to disconnect the call. If you forget to disconnect, the call charges may be higher.

Mobile Phone Etiquette

Use of the product is not allowed in the following places!

Do not listen to music or watch videos, etc. while driving a car or motorcycle, or riding a bicycle. Use of mobile phones while driving a car or motorcycle is prohibited by law (Use of mobile phones while riding a bicycle may also be punishable by law). In addition, stay alert to the traffic around you even when walking. Surrounding sounds might not be heard clearly, and gazing at the screen might distract your attention causing a traffic accident. Be especially careful at railroad crossings, station platform and pedestrian crossings.

Use of mobile phones on board is restricted. Follow the instructions of each airline.

After-sales service

When asking for repair

For repair, make an inquiry to Repair and Delivery Support Center.

During the warranty period

Outside the warranty period

Repair of the product is not allowed in the following places!

Do not listen to music or watch videos, etc. while driving a car or motorcycle, or riding a bicycle. Use of mobile phones while driving a car or motorcycle is prohibited by law (Use of mobile phones while riding a bicycle may also be punishable by law). In addition, stay alert to the traffic around you even when walking. Surrounding sounds might not be heard clearly, and gazing at the screen might distract your attention causing a traffic accident. Be especially careful at railroad crossings, station platform and pedestrian crossings.

Use of mobile phones on board is restricted. Follow the instructions of each airline.

Performance parts for repair

The company retains performance parts for repair of the main unit and its peripherals for four years after discontinuation of production. "Performance parts for repair" refers to parts required for maintaining the functions of the product.

United States

THIS PHONE MODEL HAS BEEN CERTIFIED IN COMPLIANCE WITH THE GOVERNMENT'S REQUIREMENTS FOR EXPOSURE TO RADIO WAVES

This mobile phone model SOG12 has been designed to comply with applicable safety requirements for exposure to radio waves. Your wireless phone is a radio transmitter and receiver. It is designed to not exceed the limits of exposure to radio frequency (RF) energy set by governmental authorities. These limits establish permitted levels of RF energy for the general population. The guidelines are based on standards that were

FCC Statement for the USA

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

Any change or modification not expressly approved by Sony may void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Foreign Exchange and Foreign Trade Act

The products may be subject to the application of the Foreign Exchange and Foreign Trade Act and other related laws and regulations in Japan.

In addition, the Export Administration Regulations (EAR) of the United States may be applicable.

In cases of exporting or reexporting the products, customers are requested to follow the necessary procedures at their own responsibility and cost.

Please contact the Ministry of Economy, Trade and Industry of Japan or the Department of Commerce of the United States for details about procedures.

The software installed on the product or part of it may not be altered, translated/adapted, reverse-engineered, decompiled or reverse-assembled and any such actions are prohibited.

Notes on data communication charge

Since a constant Internet connection is possible with the product, data communication may be performed automatically by some apps, resulting in high data communication charges. Therefore, subscription to a data communication charge discount service or flat rate plan is recommended.
