Standard Mode When in use Unlimited ^{★1}	4,292 (without tax) yen/month (4,721 yen/month) From the 14th month 5,271 yen/month	5,458 yen	Permanently -187 yen/month	For 13 months -550 yen/month

5G Router Discount

〈Special offer〉 550 yen off/month for 13 months 〈Requirement〉 Signup required for the Mobile Router Plan 5G

※The discount is applicable only once per line. ※If the original price before discount is lower than the actual discounted price, the original price will be the upper limit charged (calculated in the invoice without tax.) ※If you switch to another plan while the discount is applied, the discount will end in the month in which you have signed up for another plan. ※These conditions apply to contracts where you brought in your own router.

©Signing up for this plan may terminate various discounts that are currently being applied.

★1: If you use a significant amount of data within a certain period, your communication speed may be restricted during peak times.

※The communication speed may fall if your area has heavy traffic. ※Read [below](#) on other restrictions on data communication speed.

Network availability by mode

※Network availability differs from those of au smartphones.

	Standard Mode Default setting 800MHz is not supported	Plus Area Mode ^{*1} ※Additional option fee (1,100 yen) applies.
Monthly data allowance	Unlimited	Restrictions apply (30 GB per month) ^{*2}
Scope of serviced areas	See the area map for serviced areas.	Extended service area compared to Standard Mode. See the area map for serviced areas.
Available service	5G / 4G LTE / WiMAX 2+	

Extra option

Application required

Applied from the month of signup ^{★2}

[If you are a Mobile Router Plan 5G user]

If you use up the monthly data allowance, an additional monthly data allowance will automatically be added (2,750 yen per 2GB^{★3})

*1: Data usage in Plus Area Mode will incur an option fee (no application required). Even if you select another mode, the month's usage fee will not be prorated. *2: If the total amount of data used exceeds 30 GB a month, the incoming/outgoing communication speed until the end of the month will be limited at 128kbps. (This does not apply if you are on Standard Mode or Extra Option. The restriction will be lifted on the first day of the following month.)

※If you use a significant amount of data within a certain period, your communication speed may be restricted during peak times.

⚠ Signing up for this plan may terminate various discounts that are currently being applied.

★2: Extra Option can be set to start during the month after the signup month. If you sign up in the middle of the month, to start using it that month, you can do so from the day after the day you signed up without any communication restrictions. However, usage fees will apply to the total data volume used, including the volume used before signing up for the option. ★3: The month's usage fee may become high if you use a large volume of data. Please note that cancellation will apply the month after the month you apply for cancellation.

※Extra Option cannot be used together with Data Charge. 【Mobile Router Plan 5G】<Eligible models> Speed Wi-Fi 5G X12 (5G SA contract)/Speed Wi-Fi 5G X11/Galaxy 5G Mobile Wi-Fi ※au Smart Value mine and au Smart Value (router discount) are not applicable. ※The full price will be billed for cancellations during the middle of a month. ※To change WiMAX 2+router plans and Router Flat Plan 80 (5G) to this plan, please visit an au Style/au shop or contact the Customer Support Center. ※Fees separately apply such as for contract, devices, universal service and call relay service.

[au PAY Card Payment Discount]

<Requirement>The registered payment method must be an au PAY Card at the end of the month※If you use lump-sum or KDDI consolidated billing, the billing group's payment method is used to determine the payment method.

Restrictions on data communication speed

※If you use a significant amount of data within a certain period, your communication speed may be restricted during peak times. Restrictions also apply even if you subscribe to Extra Option.

※If your data usage fees become considerably high, your line may be temporarily suspended.

※The communication speed may fall if your area has heavy traffic.

※If the network is continuously congested, communication speed may be limited to maintain a steady service until the situation improves.
